## Mark Caron and the Class of 1976 Help Legacy

Over the fall, the Class of 1976 with Mark Caron leading the way, donated \$25,000 to the naming rights for the Main Cafeteria and another \$25,000 for the naming rights to the Computer and Network Systems program at the new high school. The Class of 1976 has joined other classes in providing considerable support to our efforts. Thank you Mark and the Class of 1976!

Allen Lampert, Legacy President “Very early on in our campaign, it became very apparent that in order for us to be successful, we would need the support of Sanford Alumni to help. Mark and his class was instrumental in providing Legacy with much needed financial support. It was this type of enthusiasm that has been indicative of the type of special city that is Sanford.”

Mark Patterson (CEO, PATCO) has been an early supporter of the Legacy Foundation campaign. As one of the original members of the Legacy Campaign Committee, Mark provided key guidance and counsel to our campaign. PATCO gave \$25,000 for the naming rights to the SRTC Building Trades lab.

Kathy Sargent, Director at SRTC said “Patco has been a friend to the SRTC Building Trades program for many years, providing a wealth of expertise to our instructors and students on everything from building projects to the future of the program. It is only fitting that the Building Trades space is named for Patco. Patco’s dedication to the program and Mark Patterson’s contributions to the Sanford Schools Legacy Foundation are invaluable.”

Mark Patterson, PATCO “My brother Greg and I are proud to have been able to support the building trades program at the new Sanford Regional Tech Center. We believe in the center’s motto of, ‘the best way to learn is by doing.’”

At the end of December 2018, David retired as superintendent of the Sanford School District. Without David’s tireless leadership and guidance, the Legacy Foundation would not have been as successful in its first couple years.

Allen Lampert, Legacy President, “David was one of the key forces behind our campaign. Without his energy and passion for the project, we would not have been nearly as successful. Thank you David for everything.”
