SPOTLIGHT

Brett Williams

Board Member at Large — 3 years

Job title and company:

Director, Sanford Performing Arts Center

Family: Hannah is a Nurse Manager at Southern Maine Health Care in Sanford; Gabe, 10; Jonah, 7

Teacher who made a difference in YOUR life?

I am a 1996 graduate of both Sanford High School and Sanford

Regional Technical Center. Judie Shain was the SHS chorus teacher and a powerful force of encouragement in my life as I explored my passions of theater and music. On the SRTC side, Dr. Bud Johnston was my instructor in the Media Technology program, and a professional mentor as I began my

career in radio. He helped me land my first broadcasting job at WGAN. I still keep in touch with both of them!

Why do you serve on the board?

My children are fifth generation Sanford residents, and we're very proud of our family's Sanford heritage. It is important that our children and their children have educational opportunities to thrive and find something they love to do in life. Serving on the Legacy Foundation is a way for me to literally reach into the future to help create outstanding schools for our kids!

What is your favorite thing to do in Sanford?

Our family loves Sanford's Mousam Way trail network! We have explored every single trail from Springvale all the way to South Sanford. Of course, we also love to enjoy live shows at the SPAC. Expanding opportunities to enjoy the performing arts in Sanford is the legacy I'm most proud of.
