

## All hail the (Assistant) Chief

Stephen with his grandson Luca.

Sanford Assistant Fire Chief Stephen Cutter

Stephen doing what he loved off-duty.

## Fire Apparatus Bay named after Stephen Cutter

The life and legacy of Sanford's late Assistant Fire Chief Stephen Cutter will live on through the Sanford Schools Legacy Foundation and donations given in his name.

"We are honored to put the multiple donations in memory of Stephen Cutter to work for the students of Sanford," said Sanford Schools Legacy Foundation President Patsy Aprile. "Through their donations, his memory is kept alive in Sanford's next generation."

 Director of the Sanford  
 Regional Technical Center

"This recognition allows students to see the legacy left behind by a leader in their industry."

The new apparatus bay, part of the new Sanford High School & Regional Technical Center, will be named in memory of Stephen Cutter.

Cutter was a fourth-generation firefighter who died last March after a two-year battle with brain cancer; he was a beloved member of the Sanford Fire Department since 2014. Among the multiple donors was the Sanford Alumni Association and the Sanford-Springvale Call Firefighters Association.

"As with all donations to the Sanford Schools Legacy Foundation, these funds allow us to provide valuable experiences to students through state-of-the-art equipment," said Kathy Sargent, director of the Sanford Regional Technical Center. "Most importantly, this recognition allows students to see the legacy left behind by a leader in their industry. This is a powerful message about the service they will provide as our future first responders, continuing in the footsteps of Chief Cutter and so many others."
